

One Day Workshop on IPR/Patent Awareness

SSIP CELL-GEC-Godhra

PROGRAM DESCRIPTION

Government of Gujarat has pioneered to implement a scheme for assistance to startups/innovation “Student Startup and Innovation Policy (SSIP)”. As per the provisions of this policy, financial support can be provided to student’s innovations and startups.

Being a student in engineering discipline, you are supposed to have large number of technological ideas to solve various problems prevailing in our daily life. There is a possibility that your idea may serve the society as a product/process providing solutions to the problem.

As a innovator IPR/Patent gives legal rights. This workshop cover all IPR policies in India. Patent is a most powerful IPR. This workshop covers how to file patent in India ,as well as hands on sessions covers patent searching and filling process.

VENUE: Seminar Hall, Mech Dept., GECG
