

About Government Engineering College - Rajkot

Government Engineering College, Rajkot was established in the year 2004 with a vision to deliver technically competent, ethically sound and socially responsible degree engineers for the society and industry. Institute is located opposite to Kankot Village which is 15 minute drive from Rajkot City. Rajkot is central location of Saurashtra and Kutch region. This institute is approved by All India Council for Technical Education (AICTE) and affiliated to Gujarat Technological University, Ahmedabad. Institute offers programs in Electronics & Communication Engineering, Computer Engineering, Instrumentation and Control Engineering, Mechanical Engineering, Civil Engineering, Automobile Engineering and Electrical Engineering.

Chair Person Dr. G. J. Vala
Principal, GEC - Rajkot

SSIP Coordinator Dr. C. H. Vithalani
Professor & Head,
EC Department

Coordinator Dr. Rahul Mehta
Assistant Professor
EC Department

Co-coordinator Prof. Jay Pandya
Assistant Professor
EC Department

Expert: Prof. Parth Sejpal
GIC Coordinator
Rajkot

SSIP sponsored One Day Workshop

On

“Prototype to Product”

Date : 9th August, 2018

Organized by:

Government Engineering College Rajkot
Mavdi Kankot Road,
Opp. Kankot Village,
Rajkot -360005

Website: www.gecrj.cteguj.in

Overview of the Workshop

Product development is the magic that turns circuitry, software, and materials into a product, but moving efficiently from concept to manufactured product is a complex process with many potential pitfalls. This workshop is to guide students to reveal what happens--or should happen--when you take a product from prototype to production and to get an overview of how electronic products are manufactured. The workshop is for those who want to determine whether one's idea has a good chance of being profitable or not and how one can narrow down the product's functionality and associated costs.

Schedule

| Date | 9 th August, 2018 |
|-------------------|------------------------------|
| 3:00 pm - 3:15 pm | Inauguration |
| 3:15 pm - 4:15 pm | Prototype to Product - I |
| 4:15 pm - 4:30 pm | High Tea Break |
| 4:30 pm - 6:00 pm | Prototype to Product - II |

Objectives of the Workshop

- To train students of EC Department GEC Rajkot for the process of ideation to implementation
- To develop skills to convert prototype into marketable product
- To motivate students to try to solve real life problems.
