To,
SSIP coordinator,
GEC, Modasa.

Sub: Brief report on SSIP sensitization program held in electrical department.

Sir,

With respect to the above stated subject the SSIP sensitization program was held at electrical engineering department on 27/07/2018 following below schedule.

Time	Semester	Topic	Speaker
11:00 A.M. to 03:00 P.M.	Semester 5 th	How to Startup	Mr. Viral Patel (Founder Inc Smart Technologies)

The sensitization Programme was divided into Two parts as scheduled as below,

Duration	Content
First 2 hours	How to startup, motivation for startup, challenges in startup, real life example of Inc smart technologies startup story.
Last 2 hours	Practical knowledge of smart energy meter produced in Inc Smart Technologies with their future expansion explanation.

After each sessions group photos were taken with faculties. Many students interested in start up, came with new Idea and question/answers. After two sessions the SSIP sensitization program was concluded.

Thanking you,

Your's sincerely,
Department coordinator (SSIP)

Prof. J.R.Iyer (HoD-EE) delivering speech on significance of the programme

Mr.Viral Patel Conveying own journey from UG level project to patent and start-up.

Mr.Viral Patel demonstrating own product to the students in Laboratory
