

Mansinhbhai Institute of Dairy and Food Technology, Mehsana

(Provisionally Affiliated to Kamdhenu University, Gandhinagar)

Organizes

One day Workshop on “Innovation and Intellectual Property Rights”

Supported by

Student Start-up and Innovation Policy (SSIP), Govt. of Gujarat

About MIDFT

Innovation is the key for every economy to grow. Government of India has declared 2010-20 as the decade of innovation to unleash the creative potential of every Indian. To build start-up and innovation culture across universities is the key goal of Student Startup and Innovation Policy, Gujarat. Mansinhbhai Institute of Dairy and Food Technology (MIDFT), Mehsana has established an innovation cell at MIDFT under the SSIP scheme to nurture the creativity and innovative ideas of the students. MIDFT has been established with the purpose of creating state of the art centre for learning, skills and training in Dairy & Food Technology. MIDFT presently offers B.Tech (Dairy Technology) and M.Tech in Dairy Technology, Dairy Chemistry and Dairy Microbiology disciplines.

The innovation and startup cell aims to support the regional student innovation and startups through expert guidance from the mentors, accessibility to library & laboratory facilities at MIDFT for the student projects, individual student project funding, support for filing of patents as per the terms and conditions of SSIP scheme at MIDFT

About the Workshop

Creativity and innovation occupies a large portion of business environment of today. Inventions are the bedrock of innovation. The great ideas pave the way for innovations which contribute to a better life. Every new business idea and interest in recent times is being encouraged by Government. IP plays an important role in facilitating the process of taking innovative technology to the market place. IP rights provide the holder with several opportunities, which can facilitate the successful completion of an innovation. Patents protect the inventions. Copyrights protect the creative work and trademarks protect the name and branding.

The workshop intends to equip the participants with Innovator's skills so as to develop skills to innovate and turn ideas into reality. The workshop shall also impart greater awareness about the issue of Intellectual Property Right (IPR) for Innovations, which has gained a special importance.

Who should attend

The workshop is open for innovators, budding entrepreneurs, R&D professionals, faculty and students
