

Title: Entrepreneurship Awareness Program & Hands on Training on Robotics

Date: 24-07-2019

Venue: AIIH, Adani Institute of Infrastructure Engineering, Shantigram Township, Nr. Vaishnodevi Circle SG Highway, Ahmedabad – 382421

Adani International Innovation Hub, AIIE successfully organized Entrepreneurship Awareness Program & Hands on Training on Robotics programme.

The main objective of this programme is to create awareness among students of Engineering and Science courses about various facets of entrepreneurship as an alternative career option and Robotics.

We have adopted a systematic approach to develop first generation entrepreneurs through curriculum, awareness, motivation programmes, business camps and Industry interaction on a regular basis. We bring together aspiring entrepreneurs and support them by providing necessary resources such as seed funding, mentoring, consultancy and networking. Ultimately we make them job providers rather than job seekers.
