Report on workshop

Startup: Different helping schemes by Government

Under

Student Startup and Innovation Policy (SSIP)

Students of semester 5 and 7 of Production Engineering Department participated in a workshop organized to make them aware with different financial schemes offered by government to start the business in manufacturing or service sector.

Mr. Lalit Jaju- An officer of the District Industry Office, Bhavnagar conducted the session and delivered useful & plenty of guidance for taking advantage of the schemes. Students participated actively by conveying their needs and requirements. The queries were satisfactorily answered and students are motivated to search and review the assisting materials available on web in details.
