Student Start-up Innovation Policy (SSIP) programmers is an initiative by education department of Gujarat to support more than 1.4 million students of the state and help them innovate and start up early in their college days.

An expert talk was organized on “Start-up Ecosystem Development at Dr. Subhash Technical campus on 1st Oct., 2019. The objectives behind such seminar were to create awareness about startup, innovations, entrepreneurship and the ecosystem behind the startup.

We have invited Dr. Pawan Dwivedi sir (Founder and Director of Vishvaprakash Career Mentors - Vadodara). More than 80 students from schools and college have participated in this seminar. The entire seminar was divided in two session i.e. first session covered what is the ecosystem of startup. In this session he talked about the startup ideas and the base for it.

[1] First Session (09:30 AM -11:30 AM):-

This session has covered the basic of ecosystem, how to go ahead in startup, what is entrepreneurship.

Dr. Pawan Dwivedi has talked on the startup ideas, innovations, the base of financial growth, the importance of ecosystem on startup. He also talked about how to go ahead in financial growth.

[2] Second Session (12:00 PM -03:00 PM):-

In the second session, he has interacted with the students about startup. Students also shared their ideas about startup. He encouraged students for startup and gave his ideas on how to develop the ecosystem of it. He shared his thought on systematically development of ecosystem on startup.
