## Technical Quiz

**Held on:05/09/2018**

### **Objective:**

The main objective of this technical event is to check the general technical knowledge of the students.

- Fundamentals of domain
- Memory Power
- Knowledge beyond books
- Interests other than prescribed Syllabus

Total **63** students participated in this technical event. During this event students were asked questions based on their technical subjects. These kinds of events are meant to make the students aware about the technical knowledge beyond the books and prescribed syllabus. These events give students encouragement to pursue information beyond the course assigned by universities.
