14th February to 16th February

SSIP

SMT. S. R. PATEL ENGINEERING COLLEGE

Workshop Report

Three Day Workshop on “Dynamic Webpage with Scripting: A way towards Entrepreneurship “

Objectives:

The main objective of this Workshop is to provide knowledge of different Web Technologies fundamentals and to develop confidence in the students so that they can build a attractive and dynamic web sites. Also they can learn several technologies which can help them to understand various processes of handling data on the internet

Expert:

Dr. Manish M Patel,
Mr. Mukesh Soni,
Mr. Ram krishna Paira,
Assistant Professor
Smt. S. R. Patel Engineer-
ing Collage.

Workshop coordinator:

Dr. Manish M. Patel
Prof. Mukesh Soni
Computer Department,
SRPEC.

Summary:

Expert introduced the students about future scopes, requirements and overall ideas of automation field in mechanical engineering.

Topics :

- 1.Introduction to HTML,CSS
- 2.Various HTML Component
- 3.Different CSS Properties
- 4.JavaScript Basic Fundamentals.
- 5.Advanced JavaScript Events.

DETAIL OF WORKSHOP

Workshop was started at 09:00 AM. The lecture was started by the Basics of HTML and CSS. Expert explained Basic Fundamentals of HTML and CSS. He then focused his lecture on how to Build Web-site with the help of HTML and CSS . He explained Different way to create a web pages. The other expert explain basic of JavaScript and various types of Events in JavaScript. At the end of workshop participants were able to build a Dynamic Web site with JavaScript Events..
