

Brief Report on A symposium organized by The Department of Chemical Engineering in association with MUIIR

1.	Title	Sensitization on health and industrial safety
2.	Objective of the Event	Sensitization on health and industrial safety practiceinvolved in workplaces.
3.	About the Event	<p>One day symposium on “Sensitization on health and industrial safety” organized by the Department of Chemical Engineering – Faculty of Technology and MUIIR, Marwadi University. The expert session was conducted by the guest speaker Dr. Vignesh K.S and Dr.Kantha Arunachala – the Dean of the Faculty of Science. Dr. Vignesh’s discussion on “Sensitization onHealth & Industrial Safety” encompassing events, accidents, incidents, types of accidents, hazards,prevention and mitigation of hazards, risk, risk assessment, risk matrix method, types of interactions (manto man, man to machine, man to mother nature, man to material), vibration hazards, chemical exposure Assessment, and chemical exposure pathways are amongthe topics covered.</p> <p>Dr. Kantha briefed the attendees in “Disaster Management, Nuclear Disaster Scenario” with focus onthe following topics; electromagnetic radiation, the sources of ionizing and non-ionizing radiation, typical health impacts or negative radiation effects, radiation protection and safety, nuclear application and radioactive waste management.</p>
