Summary of the Event-

Antrapreneur The Business Incubator, Shuruup and Atharvah Venture, Organized and coordinated a Startup Demo Day on 23th July 2022- Saturday. Six different domain specific startups were invited for the DEMO. The event was attended by 250+ students, faculties and aspiring innovators. The special features of the event includes the audience card polling and the startup quiz arranged for the audience. It was a wholesome and fulfilling event, with a healthy interaction between the audience and the startups sharing concerns and strategies for the market. The event concluded with the startups being felicitated with a token of appreciation for work. The session which we arranged with the focus of knowledge exchange and providing a platform to the startups for their product/ service validation and a quick market survey, was a fun learning experience.
