**Brief Description of the event:**

SHARK TEENS SEASON 3 is an entrepreneurial pitch event that closely resembles the format of the renowned TV show, Shark Tank. SHARK TEENS, is a platform for all teenpreneurs to present & get validation for their business ideas. At this event, aspiring entrepreneurs take center stage to passionately present their groundbreaking business concepts to a panel of potential investors. The primary objective is to facilitate much-needed funding and mentorship for these innovative startups. Beyond the financial aspect, this event plays a pivotal role in fostering a thriving entrepreneurial ecosystem. It serves as a dynamic platform where ideas are transformed into tangible businesses, creating a synergy between visionaries and investors. By providing a stage for these presentations and fostering an environment of collaboration, SHARK TEENS SEASON 3 is a catalyst for innovation, growth, and success within the entrepreneurial community, ultimately driving economic development and prosperity. Pitchers got prize money, mentoring support from the experts to tackle the teething issues of their business, Incubation support and further opportunities to seek future funding based on the viability of the business idea. Antrapreneur raised 4.25 Lakhs to the pitchers for their ideas also, and they got Mentorship also from the Antrapreneur.

**Testimonials of the Event**

**Making a pitch to the Shark Tank Teens was a Great experience. We learned a lot from the contestants who gave their pitches in Shark Tank. I had the impression that I was making a real Shark Tank pitch. We received a finance of ₹50,000 and guidance from professionals in the field like Pramit Sir and Hely Mam. We particularly value the work of the Shark Tank teen crew and volunteers, who were incredibly obliging and supportive. Each of the 15 sharks was a specialist in their profession. We also enjoyed receiving mentoring from these business leaders. Finally, I would want to state that our experience was fantastic and awesome.**

**Dev Kothari.**

**Ansh Oza.N.**

**(Eco papers)**

**We would like to thank Lj University for giving us this opportunity to present our ideas. Great experience to pitch in front of experienced industry experts. Great experience and Great learning.**
