GOVERNMENT ENGINEERING COLLEGE – DAHOD

IIC, GIC & SSIP 2.0 - Cell Organizes

One day workshop on

Innovation with VLSI: Exploring the Circuit Design and EDA Tools

(03th November 2023)

In collaboration with the Student Start-up & Innovation Policy, a prominent initiative of the Government of Gujarat's Education Department, the **Electronics and Communication Department** has arranged a one-day workshop at GEC Dahod. In response to the recognized need for skill enhancement, the organizers have chosen to host a one-day workshop dedicated to VLSI Circuit design and the essential principles of Electronic Design Automation (EDA) tools. The primary objective of this workshop is to provide students and enthusiasts with valuable hands-on experience and insights, delivered by expert in the field. To address the educational and innovative requirements of both faculty mentors and student innovators, a one-day workshop titled **"Innovation with VLSI: Exploring Circuit Design and EDA Tools"** is slated to be held at GEC-Dahod, organized in collaboration with **IIC, GIC, and SSIP 2.0**. Although the primary focus is on SSIP 2.0 grantee project mentors and students, the workshop is open to the participation of any other faculty members and students who have an interest in the respective domain.
