Revolutionising the Future: A talk on Innovation and Startups

In order to promote, encourage, and support innovation, startups, intellectual property rights (IPR), and entrepreneurship, CVM University Innovation and Startup Center (CVMUISC) is established. The Center's goal is to mold students by offering the ideal environment for them to transform their ideas into workable models or products.

You Will Learn :

- Entrepreneurship Support
- Innovation Culture
- Skill Development
- Incubation Facilities
- Financial Support
- Industry Collaboration
- Networking Opportunities
