- Wheel of Fortune and Dart was used and linked to entrepreneurs and startups. Wheel of Fortune had options like Guess the company by tagline, Guess the company logo, Guess the entrepreneur, Guess the Founder, tongue twister, Spin again and better luck next time. The wheel was rotated and when arrow was pointing to any option students need to select a chit from bowl and make the guess, On right guess students were gifted with chocolates. Similarly, the dart has 20 numbers. These 20 numbers were linked to Guess the company

by tagline, Guess the company logo, Guess the entrepreneur, Guess the Founder, tongue twister bowls and students had to make the guess.

- The incorporation of a game featuring guessing founders, logos, and company taglines within the SSIP stall aims to deepen students' familiarity with successful startups and entrepreneurs linked to the SSIP framework. Through interactive participation, students gain insights into the entrepreneurial ecosystem, recognize key players, and grasp branding strategies. By exploring diverse startups and values, they feel a stronger sense of belonging to the SSIP community, while showcasing peer or alumni startups highlights the potential for students to succeed with SSIP support. Overall, the objective is to spark interest, raise awareness, and foster engagement with entrepreneurship, aligning with the ethos of SSIP on campus.
