

INVESTOR INTERACT

Warmup Ventures is a tech-focused venture capital fund led by founders, dedicated to investing in early-stage startups. They have previously closed a smaller fund and have completed over 10 deals with startups. Currently, they are in the process of establishing a new fund worth ₹150 crore.

This interaction will enable founders to present their startups to the investor, gain insights into Warmup Ventures and their upcoming fund, and engage with the Warmup Ventures team.
