About PDEU

Pandit Deendayal Energy University (PDEU), formerly known as Pandit Deendayal Petroleum University (PDEU), was established by the PDEU Act, 2007; Acts of the Gujarat Legislature and Ordinances promulgated and Regulations made by the Governor, in the State of Gujarat, India. The primary thrust areas for the university are to ensure Energy for All, creating a Larger Social Impact and Prepare the Youth for tomorrow. PDEU has NAAC accreditation with "A++" Grade CGPA of 3.52 out of 4.00 & Graded Autonomy by UGC.

The University addresses the need for trained and specialised human resources for the energy industry worldwide. It intends to expand students' and professionals' opportunities to develop an intellectual knowledge base with leadership skills to compete globally. This objective is being addressed through several specialised and well-planned undergraduate and postgraduate energy education programs and intensive research initiatives, in management, engineering and humanities.

About PDEU IIC

PDEU Innovation and Incubation Centre (formerly known as PDEU IIC) is an incubator at PDEU established in 2014. The Centre was formally established in 2017 u/s 8 of The Companies Act, 2013, with a vision to provide state-of-the-art support and service to innovators, technocrats and entrepreneurs who aim to create a social and economic pact in society through innovative solutions to existing problems. The centre acts complementary to the academic and research activities of the University.

PDEU IIC has also been approved to be a “**Technology Business Incubator**”, a recognition by the Department of Science and Technology, Government of India. It is recognized as a Nodal Institute by the Government of Gujarat. PDEU IIC has incubated **200+ start-ups** across **10+ domains** and generated more than **400** employment opportunities through start-ups. The IIC Office has a specially designated area of **20,000 sq.ft** for the start-ups to work on.

Purpose of the Visit

A delegation comprising seven senior faculty members from BITS Goa visited the PDEu & PDEU IIC with the primary objective of gaining insights into the startup culture, incubation process, and emerging entrepreneurial ventures. Their specific interest lay in understanding the mechanisms that foster innovation and facilitate the growth of startups.

About the Visit

During the visit, the faculty members engaged in comprehensive discussions and interactions with key stakeholders at the PDEU Innovation and Incubation Centre. They delved into the intricacies of the incubation process, exploring various stages from ideation to market launch. Notably, they had the opportunity to interact closely with two prominent startups, Saltech Design Labs Pvt. Limited and Imagine Powertree Pvt. Ltd, gaining firsthand knowledge of their innovative solutions and technological advancements in waste management and solar energy utilization, respectively.

Outcomes

The faculty members garnered valuable insights into the dynamics of startup incubation and the entrepreneurial ecosystem. They were particularly impressed by the innovative approaches adopted by Saltech Design Labs and Imagine Powertree in addressing critical societal challenges through sustainable technologies. These interactions not only broadened their understanding of emerging trends but also paved the way for potential collaborations and knowledge exchange opportunities between BITS Goa College and pioneering startups in the field of technology and sustainability.
