anant\_national\_university Students of Shiv Ashish School got a glimpse into a design student's life during their visit today to the #AnantU. Nearly 75 students spent a day at AnantU, participated in the workshop on 'Recycling plastic waste and paper waste' and toured the university campus. The workshop aimed at encouraging students to be creative, get their hands dirty and make something from waste.

You could experience design thinking through different workshops offered by AnantU faculty too. Write to us at [admissions@anu.edu.in](mailto:admissions@anu.edu.in)
