Dear HoDs and SSIP Department Coordinators,

VGEC has organized an **Internal Hackathon 2024** tomorrow, 10th September 2024, as part of our active participation in the **Smart India Hackathon (SIH) 2024** announced by AICTE. This internal hackathon is an important step in the selection process, where VGEC is required to nominate the best 45 teams, with 5 additional teams on standby, in accordance with AICTE-SIH 2024 guidelines.

We have received an overwhelming response, with **91 teams registered**, representing more than **550 students**. Jury members from both industry and academic institutions will be joining us to evaluate the teams separately for the hardware and software categories.

We have also arranged an **inauguration ceremony** to motivate the students, and I would like to invite you to join us at **Chanakya Hall around 10:45 a.m.** tomorrow to show your support and encouragement for the participants.

Your presence will give immense strength to the students and inspire them to perform their best during the hackathon.

Additionally, the respective Heads of Departments are kindly requested to join during the presentations by the teams in their respective categories:

- **Hardware Category presentations will be held at H-202/3**
- **Software Category presentations will be held at Chanakya Hall**

Presentations will begin at **11:00 a.m. onwards**. The detailed schedule is attached for your kind reference.

Thank you for your cooperation and support.

--
Thanking You,

SSIP Coordinator,
VGEC SSIP & eCell - Startup & Innovation,
Vishwakarma Government Engineering College,
