- 3) No. of participants: 40
- 4) Venue of the event: Classrooms of KPGU, Krishna Edu Campus
- 5) Conducted by: SSIP Gujarat, GKS, and KPGU, Vadodara

The Student Sensitization Session on the Student Startup and Innovation Policy (SSIP) 2.0 was conducted to raise awareness about the government's opportunities to foster entrepreneurial spirit and innovation among students.

The speaker highlighted that SSIP 2.0, as an upgraded version of the previous policy, introduces new elements such as increased funding limits, better support for intellectual property (IP) generation, and enhanced collaboration between academia and industry.

It is specifically tailored to meet the needs of students from multidisciplinary backgrounds, ensuring they receive the necessary resources to scale their innovations from ideation to commercialization.

The students were encouraged to think creatively and leverage this policy to bring forward innovative solutions that address real-world problems, particularly in sustainability, technology, and social impact.

Various student queries about the mentorship network, startup incubation, and the protection of their intellectual property were addressed during the Q&A segment, providing a clear roadmap for participants to engage with the policy effectively.

Overall, the session succeeded in sensitizing the students about the vast potential of SSIP 2.0 as a driver for innovation, entrepreneurship, and practical learning experiences.
