Dear Madam,

Greetings from the Kaushalya - The Skill University, Ahmedabad.

Student Startup and Innovation Policy 2.0 (SSIP) is a policy of the state government's education department under which they provide funding to the universities across the state with the aim of supporting innovations and startups. Under SSIP, KSU has received the funding and the university is looking forward to providing support to students of different Government ITIs across the state. Since, there are many ITI Students who have different innovative ideas but they might not have enough funding, we are looking forward to supporting them in such a way that they can convert their idea into innovation and ready to use product.

Before we launch a call for a project, as an SSIP Coordinator of KSU, I am interested to discuss with respective principals of ITIs and make them aware about SSIP and the procedure that we follow during complete support duration.

As discussed, sharing meeting details.

Online Meeting Details

Meeting With ITI Principals - SSIP Proposals

Wednesday, December 11 · 11:00am – 12:00pm

Time zone: Asia/Kolkata

Google Meet joining info
