FACULTY AWARENESS PROGRAM - SSIP 2.0

SSIP CELL-GEC-Godhra

PROGRAM DESCRIPTION

Government of Gujarat has implemented a scheme "Student Startup and Innovation Policy (SSIP 2.0)", to provide financial support to student's innovations and startups.

Being a teacher in engineering discipline, you are supposed to have highest degree of discussion with your students regarding their technological ideas to solve various problems as well as hurdles preventing these ideas to come out to the society as a product/process providing solutions to the problem.

SSIP Policy is targeting to reduce these hurdles, so that an idea can be converted to innovation and finally in to a product/process. Therefore it is necessary the teachers to have a clear understanding about this policy.

Present program aims to make you aware about provisions and process of the SSIP scheme so that your students can get the highest benefit of this scheme.

VENUE: Seminar Room, Admin Building, GECG

DATE/ TIME: 04/02/2023 (11:30)

WHO CAN PARTICIPATE

All the faculty members of GEC-Godhra are requested to attend this awareness program.

REQUIREMENTS

➢ All the faculty members are requested to visit http://www.ssipgujarat.in/ and https://ssipgecg.wixsite.com/ssip/home.

➢ This website contains several documents related to SSIP activity.

➢ You are requested to read these documents before attending this awareness program. This will help you to have more clarity towards SSIP.
