The Student Startup and Innovation Policy (SSIP), launched by the Government of Gujarat, aims to foster a culture of innovation and entrepreneurship among students. The policy seeks to foster a supportive ecosystem that enables students to transform their innovative ideas into viable and scalable startups.

We are proud to announce that our institute, College of Agricultural Engineering and Technology (CAET), Junagadh Agricultural University (JAU), Junagadh, has been selected under the Student Startup and Innovation Policy (SSIP) 2.0.

To commemorate this achievement and to guide aspiring innovators, we are organizing a seminar on the Idea Pitch Competition and SSIP Awareness Program.

We warmly invite all interested undergraduate (UG) students to attend this informative session and take the first step toward innovation and entrepreneurship under the SSIP 2.0 framework.
