About the Seminar

Session 1 Seminar (Compulsory for All Register Students)

- WORKSHOP ON CYBER SECURITY USNIG MOBILE APPLICATIONS

Session 2 Events (Any One)

- CYBER SECURITY USNIG MOBILE APPLICATIONS Hands On Practices
- Code Blast (Group of 02 Students)
- IT Quiz (Group of 02 Students)

Note:

1. Pre- Session is compulsory for Students
2. From the Post-Session Events Students have to select Any One Only

Main Objectives of the Seminar

- A workshop on cyber security using mobile applications was conducted to create digital awareness. The session focused on common cyber threats faced by smartphone users.
- Participants learned how mobile apps can be used to protect personal data. Topics included password safety, two-factor authentication, and app permissions.
- Real-life examples of cyber fraud and hacking were discussed. Demonstrations of security apps helped participants understand practical protection methods.
- The workshop explained safe online behavior on social media and payment apps. Users were guided on identifying fake apps and phishing links.
- The session encouraged responsible and secure use of mobile technology.
- Overall, the workshop enhanced awareness and confidence in mobile cyber safety.

Events

1. **CYBER SECURITY USNIG MOBILE APPLICATIONS Hands On Practices** Hands-on practices in cyber security using mobile applications helped participants learn real-time protection techniques. Participants actively worked on securing apps, setting strong passwords, and identifying cyber threats. The practical session improved awareness and confidence in safe mobile usage.
2. **Code Blast (Group of 02 Students)** The Code Blast C Programming Competition encouraged students to showcase their coding and problem-solving skills. Participants solved logical and programming challenges using the C language. The competition promoted accuracy, speed, and efficient coding practices. It helped students strengthen their understanding of core C programming concepts. Code Blast inspired healthy competition and enhanced interest in programming.
3. **IT Quiz (Group of 02 Students)** The IT Quiz Competition tested participants' knowledge of computers, software, and emerging technologies. Students actively participated and answered questions with enthusiasm and confidence. The quiz enhanced awareness of current trends in information technology. It encouraged quick thinking, teamwork, and healthy competition. The event made learning about IT fun, interactive, and engaging.

About Sardar Patel Education Trust

Sardar Patel Education Trust is one of the reputed and unique institutions in Anand, was established in 1969 to honour the memory of late Sardar Vallabhbhai Patel, 'the great son of the soil'. It came into existence to fulfil the need and the burning desire of the quality education for the town and the surrounding areas. It began with a small step with pre-primary level and reached to its pinnacle by providing the higher level of holistic education. Today, all the institutions of the Trust have shown its development of the highest order and believe in imparting value - based education. The Trust has on its Board prominent personalities from different areas who constantly think, feel and work to bring out the remarkable change among the students and mould them according to the demands of the society. With the help of dedicated team of teachers, and visionary members of Sardar Patel Education Trust, all the educational institutions have shown unbelievable imprints of success and have reached greater heights under their guidance and leadership.

About C P Patel & F H Shah Commerce College (Autonomous)

C P Patel & F H Shah Commerce College, Anand (Autonomous) was established in June 1970 to meet the growing educational needs of the community around Anand. The initiative to start the college was jointly supported by Shri Jashbhai C. Patel of Boriavi and Shri Bhikhubhai F. Shah of Sarsa, whose generous contributions laid its foundation. It is managed by the Sardar Patel Education Trust, Anand under the visionary leadership of the managing trustee and secretary, Shri Dr B N Patel. The college is affiliated with Sardar Patel University, Vallabh Vidyanagar. It is situated on Bhalej Road, one of the fastest developing areas of the Milk City, Anand. The college received its autonomous status in 2023. The campus features modern infrastructure, including well-furnished classrooms, an audio-visual room equipped with advanced teaching aids, a computer centre, and a playground.

About Department (BCA, BBAITM, PGDCA & MSC(DS))

The Department of BCA, BBA (Information Technology Management), PGDCA, and M.Sc. (Data Science) is committed to providing quality education that integrates computing, management, and data-driven technologies to meet the needs of a rapidly evolving digital world. The BCA program builds a strong foundation in computer applications, programming, software development, databases, and web technologies, preparing students for careers in the IT industry and higher studies. The BBA ITM program combines core business management principles with information technology, enabling students to understand organizational processes, IT-enabled business solutions, and strategic decision-making in technology-driven enterprises. The PGDCA program offers intensive training in computer applications, programming, and system development, making it suitable for graduates seeking advanced technical skills and career growth in the IT sector. The M.Sc. (Data Science) program focuses on advanced concepts such as statistics, machine learning, data analytics, artificial intelligence, and big data technologies, equipping students to analyze and interpret complex data for informed decision-making. The department emphasizes practical learning through modern computer laboratories, industry-oriented projects, internships, workshops, and expert lectures. With experienced faculty, an updated curriculum, and a student-centric approach, the department nurtures technically competent, innovative, and industry-ready professionals.
