Respected sir/ madam,

Smart India Hackathon (SIH) is a prestigious nationwide initiative by the Government of India that encourages students to solve real-world challenges through innovation, creativity, and problem-solving. Over the years, SIH has nurtured young minds to think out of the box and collaborate with industry experts, government agencies, and other stakeholders.

Before participating in **SIH 2025**, students are required to take part in the **Internal Hackathon**. The groups selected from the Internal Hackathon will be eligible to participate in SIH 2025.

📌 To facilitate this, we have organized the **Internal Hackathon on 14th September 2025 at 4:30 PM in the GTU Room**.

All **SSIP Departmental Coordinators** are requested to enter the details of interested student groups in the provided spreadsheet on or before 13th September.
