Saurashtra University – IIC

The university is dedicated to instruction, research, and extending knowledge to the public (public service). Ministry of Education (MoE), Govt. of India has established 'MoE's Innovation Cell (MIC)' to systematically foster the culture of Innovation among all Higher Education Institutions (HEIs). The primary mandate of MIC is to encourage, inspire and nurture young students by supporting them to work with new ideas and transform them into prototypes while they are informative years. Saurashtra University is one the Organization that have constituted the IIC to foster the vision of MoE and be a part for the promotion and development of innovation ecosystem.

Brief about Event

SU Start-up And Entrepreneurship Council & IIC Saurashtra University organized one-day an industrial visit for B. Pharm Sem-8 students on 15 April, 2023 Saturday at AGONIST PHARMACEUTICALS PVT. LTD. Specialized, research and development based pharmaceutical company that is built to explore and achieve new dimensions in healthcare sector. An interactive visit on the latest trends in the field of Pharmacy.

The industry visit is coordinated by Dr. Arti Bagada, Assistant Professor, Saurashtra University, Rajkot. Around 40 students of B. Pharm Sem-8 had visited the premises. Agonist Pharmaceutical Pvt. Ltd is located in Bavala, Ahmedabad, and manufacturing tablets, capsules, and Oral Liquid Dosage forms of various drugs. The students had visited the various department of organization like granulation, tablet compression, tablet coating as well as packaging section. They have also visited the liquid manufacturing section where they have been aware about large scale equipment utilized for liquid dosage form manufacturing as well as filling and packaging. The Organization provided basic knowledge about the Formulation of Tablet, Capsule, and Oral Liquid Dosage forms of various sections of the Industry as QC, QA, Production, and Packaging departments. The Director of Agonist Pharmaceutical Pvt. Ltd, Mr. Rohit Madariya and his staff members had given proper guidance to students regarding manufacturing of dosage form.

The industry is accredited with ISO 9001:2015 certification. It was discussed that the production of medicines is taken to the highest standards so that the health of the sick patients can be improved to the maximum. The industry is firmly rooted in our belief in quality products, timely delivery and transparent dealings.

The company has applied for a license to manufacture tablets, capsules and oral liquid general categories. The manager stated that each process flow has process-points that describe the process steps. The process flow is divided into several steps/stages, such as material receiving step, intermediate production stage, intermediate bulk stage, primary and secondary packaging steps and finished product distribution step. Each phase will undergo an inspection process as per the acceptance criteria set by the QA department. He also answered various queries of students during his introductory session.

Then we started visit of different areas. First, we visited Warehouse area which is well maintained and raw materials arranged in well manner. Then we visited QC lab which is well required equipped with different instruments like tablet disintegrator, dissolution, apparatus, fragility tester, hardness tester, etc.

Outcome

As per the visit, students understood products are developed using scientifically validated ingredients and scientifically supported dosing.

Students have visited the reputed Pharma industry which helps to develop innovative ideas among the students for the research. The visit to AGONIST PHARMACEUTICALS PVT. LTD. was really helpful for students in their career enhancement. Students and Faculty of Saurashtra University participated enthusiastically.

Students get insight regarding the internal working environment of a company and how a company functions, as well as useful information related to the practical aspects of the education course which cannot be visualized in lectures.

It was very informative and learning experience for students and faculty members.
