

Report on
Seminar on Social Entrepreneurship as Career
at Ganpat University (27/3/2023)

MSW department GANPAT University and SSIP Cell, Government Arts College, Maninagar Ahmedabad organized Seminar on Social Entrepreneurship as Career at Ganpat university. The main objective this Seminar was to take students to Decoding Social Entrepreneurship as Career and also visit incubation center to develop the understanding of how idea can be realized into prototype, and further and how Incubation center helps to take those ideas to market. Approximately 58 students, Dr Rajesh Patel, SSIP coo-Ordinator, Dr Rashmi Gupta, Innovation Club Coordinator, Dr Pinal Solanki, faculty, Government Arts College, Maninagar, Ahmedabad visited Ganpat University.

We reached there bus and met with organizer Dr Rajkamal Ajmeri, at Ganpat University. He has arranged our visit at the university. We took a very insightful visit to incubation center at

the university. Mr. Yash Thakar, Assistant Manager, GUNI-Incubation Centre presented our students about working of incubation Centre at Ganpat University,

Student Start-up policy 2.0, and various funding schemes of government which provides financial assistance to innovative ideas and startups to students. He also made our students visited to 5G Lab, Co-working space, green screen photo studio, 3-D printing lab.

Student also visited to their Marine engineering department, sports complex of Ganpat University followed by a seminar jointly organized by MSW department GANPAT University and SSIP

Cell, Government Arts College, Maninagar Ahmedabad. Lecture on “Decoding Social Entrepreneurship as Career” was delivered by Prof Sanjay Vanani, HOD, department of

Social Work, Ganpat University. He talked about social entrepreneurship as new avenues for where students can shape up their career, and can contribute for socially and economically better society and economy. He guided our students for the same. Second lecture was delivered by Dr Rajesh Patel, Assistant Professor and SSIP Coordinator, Government Arts College, Maninagar,

Ahmedabad on the topic “Innovation Startup and Entrepreneurship as Career.” He talked with students that Innovative idea comes from prejudice free mindset and observation

capacity. Innovative ideas lead to development of startups.

In nutshell, this tour had been very productive and given good exposure to our students about incubation center, new career avenues and sensitized students towards to develop thought process for creating something innovative which can be useful for the society and economy.
