Student Start-up Research and Innovation Festival
“SSIP 2.0 Sensitization Event”

Program Coordinator

Dr. P.V. Ramana
SSIP Co-ordinator

Mr. Chetan O. Yadav
SSIP co-coordinator

About the Program

“Start-ups are the engines of exponential growth, manifesting the power of innovation. Several big companies of today are the Start-ups of yesterday. They were born with a spirit of enterprise and adventure kept alive due to hard work and perseverance and today have become shining beacons of innovations.”

--Shri Narendra Modi

Prime minister of India

The Start-up culture in India has been an ever-growing phenomenon, which has been gaining wide recognition as an engine of growth and employability. Through innovations and scalable technologies, Start-ups have the potential to generate impactful solutions and thereby act as vehicles of socio-economic developments thus transforming human lives. However, to inculcate a Start-up culture and a conducive environment for economic growth it is imperative to drive and nurture innovation ethos across the nation, permeating through all layers of

society. In fact, from its early days, India has recognized the significance of innovation and reformation. Government of Gujarat has launched SSIP 2.0 policy for supporting financial needs for the student innovators. SSIP 2.0 is intended to advance the student-centered innovation and start-up approach.

With the motive to make students of Sardar Vallabhbhai Patel Institute of Technology (SVIT), Vasad sensitized, aware and enhance their knowledge about “SSIP 2.0”, a program under Student Start-up, Research and Innovation festival is organized on 14th October, 2022 by SSIP cell. Total 205 students of first, second and third years has participated in this event along with faculty members of SVIT Vasad also participated.
