Activity Details:

There was a Workshop on “**From Idea to Impact: How Entrepreneurship Fuels Innovation**” by Mr. Hutesh Baviskar on **24th April, 2023** at Parul Institute of Applied Sciences, Seminar Hall, Parul University. Forty students of Food Technology and Thirty had attended the Workshop from Nutrition & Dietetics Department. During the session Mr. Hutesh Baviskar explained to the students how you can start a business with innovative idea and how you can grow with your ideas. He delivered the brief ideas about activities of EDC center, how EDC cell bridge gap between student and its innovative work to make marketable and valuable product. Mr. Hutesh Baviskar also guided the students what are the major challenges you face as an entrepreneur. The session was very interactive and fruitful for the participants.

He then briefed about summary outline of the workshop. The overall process steps ideas about opportunities in India for Startup and Startup importance and benefits also given with presentation and giving examples. He had explained step wise in depth detailing for running a Start up Smoothly. He had also explained about business management skills. Entrepreneurs with this skill set can oversee and manage operations of different departments because they possess a good understanding of each function. Business management skills include multitasking, delegating responsibilities and making critical business decisions.

He spoke at length on the subject of Idea generation using small exercises which made students curious and kept them engaged. He also discussed the psychological aspects of the critical thinking. He focused on setting up start ups design thinking and interacted with the students. The session was highly engaging and enlightening for the students.
