<p>Summary-</p> <p>This Is A Carpet Bombing Method Wherein We Sensitise Students And Faculties From Different Domains In L.J University. This Is One Of The Strongest Sensitisation Tool As Far As Internal Sensitisation Is Concerned. Since 2021, We Have Sensitised Over 1000 Students And 70+ Faculties, Which In Turn Has Resulted In The Present Projects That We Have.</p> <p>Dr. Viral Shah, CEO of Antrapreneur The Business Incubator addressed the audience with different initiatives of innovation and entrepreneurship history of LJ. The success story of Quick Pick which has been curated up to the stage of "Finished Product" was displayed and discussed. The problem-to-startup process was discussed at different events and support was provided by the Incubation center at LJ. The students were informed about the Government schemes for startup foundation and development. He brainstormed about different business models for the quick pick. The discussion took interesting turns when few students agreed in taking up the project of selling the quick pick.</p> <p>We had a very consolidated discussion with the students of third semester, LJ Polytechnic. Different aspects of selling the product were discussed including sales, marketing, outreach, for the product “Quick Pick”.</p> <p>We conducted an on-the-spot problem identification activity, where students were divided into groups to market the product “Quick Pick” and enter the market.</p>
