Government Polytechnic Rajpipla

Report: World Entrepreneur Day Celebration and Expert Talk

Event Title: How to Become an Entrepreneur

On August 21, 2023, Government Polytechnic Rajpipla celebrated World Entrepreneur Day with great enthusiasm. The event was organized under the diligent efforts of the institute's SSIP team, aiming to inspire and educate students about the world of entrepreneurship. The event featured a distinguished speaker, Mr. Umanag Sutaria, the Founder of Setu EdTech, and his accomplished student, Mr. Karan Mishra, the founder of a self-driving rental car startup.

The celebration took place at the institute's premises, drawing students, faculty members, and guests interested in entrepreneurship. The event was marked by its insightful discussions and interactive sessions, engaging the audience in meaningful ways.

The event kicked off with an enlightening expert talk by Mr. Umanag Sutaria. His extensive experience as an entrepreneur and founder of Setu EdTech lent a unique perspective to the event. Mr. Sutaria shared his personal journey, from conceptualizing his business idea to navigating challenges and achieving success. His talk emphasized the qualities that define a successful entrepreneur, such as perseverance, innovation, and adaptability.

The event continued with interactive activities that encouraged active participation from the attendees. Q&A sessions allowed the audience to engage directly with the speakers, seeking advice and clarifications on various aspects of entrepreneurship. Quizzes added an element of fun while testing the participants' knowledge on entrepreneurial concepts.

Accompanying Mr. Sutaria was Mr. Karan Mishra, a shining example of young entrepreneurial spirit. Mr. Mishra, the brains behind a self-driving rental car startup, shared his own journey to entrepreneurship. His story resonated with the budding entrepreneurs in the audience, offering insights into the practical steps of transforming an idea into a viable business venture.

The World Entrepreneur Day celebration at Government Polytechnic Rajpipla, organized by the SSIP team, was a resounding success. The event, titled "How to Become an Entrepreneur," served its purpose of fostering a spirit of innovation and enterprise among the students. The insights shared by Mr. Umanag Sutaria and Mr. Karan Mishra, coupled with the engaging activities, made this event a valuable learning experience for all 70 attendees.
