MONARK UNIVERSITY

HASMUKH GOSWAMI COLLEGE OF ENGINEERING

WORKSHOP REPORT

Name of Activity/Event:	"AWS Discovery Day Cloud Practitioner with Cloud Careers"				
Name of Organizing Body (Institute/Department):	SSIP Cell, Monark University				
Sponsoring Agency:	SSIP		**Amount in Rs. (if any):**	5000/- Rs.	
Academic Year:	2023-24		**Date of Event:**	13/9/2023	
Total No. of Participants (Students):	**180**	**Male:**	**135**	**Female:**	**45**
Total No. of Participants (Faculty):	**7**	**Male:**	**4**	**Female:**	**3**
Name of Faculty Coordinator:	**PROF. NILESH J. PAREKH**				
Email Id:	**Parekh.nilesh@hgce.org**		**Contact No.:**	**9537466959**	
Name of Expert Speaker:	**Dr. Nisarg Pathak, Product Manager, AAI-AWS Instucter**				
Email Id:	**Harshpanchal6201@gmail.com**		**Contact No.:**	**--**	
Details of Activity:	Faculty of Engineering & Technology, Monark University and NSE IT organized a workshop on "AWS Discovery Day Cloud Practitioner with Cloud Careers" for Computer/IT engineering & BCA students. Workshop Details: Workshop Date :- 13th September, 2023 Workshop Topic :- "AWS Discovery Day Cloud Practitioner with Cloud Careers " Timing :- 10:00 A.M To 12:00 P.M Expert Speaker:- Dr. Nisarg Pathak, Product Manager - NSEIT, AAI - AWS Authorized Instructor				
Outcome:	Dr. Nisarg Pathak, Academic Head at NSEIT DEX EdTech said that "AWS Discovery Day "is being organized by NSEIT, an authorized training partner with the objective of providing an interface between industry and students. With most of the businesses migrating to cloud, and the cloud infrastructure providing reliable, secure and economical option, the demand for cloud computing skill have gone cloud high. While Microsoft, Google and many other global OEMs are offering cloud solutions, AWS has been leading the chart for a while now. AWS with multiple data centres in the Indian subcontinent with commitments to continue to invest in India, there is a visibility of more than one lakh new job creation each year in this space. Moreover, usually, adaption to new technologies come with huge skill gaps, we at NSEIT DEX are here to support early career professional get trained and certified in AWS. We ensure students get hands on learning experience on AWS via experiential learning and projects. NSEIT DEX in partnership with AWS further				

	commits to provide placement assistance to trained and certified talent. The digitally transformed future is unfolding across all sectors, with IT infrastructure transforming the landscape leading to new career paths and job roles.
