## *A Report on celebration of “World Creativity and Innovation Day”*

### About the Event:

To raise the awareness of the role of creativity and innovation in all aspects of human development and solving it through innovative solutions. To recognise and appreciate the efforts of creativity and innovation by the students/alumni/faculty we have celebrated World Creativity and Innovation Day.

We have invited an expert to interact with the students about the importance of Creativity and Innovation

### Glimpse of Session:
