The session was organized by the Institution's Innovation Council (IIC) of Parul University in association with the Entrepreneurship Development Centre (EDC) as a part One Day "ATTITUDE TOWARDS ENTREPRENEURSHIP," on **29th June, 2023** for the students of Parul University. The session was taken by Hutesh Bhaviskar from Department of EDC Parul university.

Objective:

1. It helps to gauge the likelihood of individuals becoming entrepreneurs or engaging in entrepreneurial activities.
2. Understanding attitudes towards entrepreneurship is essential for policymakers and governments as it can influence economic growth and development
3. Attitudes play a significant role in shaping an entrepreneur's mindset and actions.
4. Knowledge of attitudes towards entrepreneurship can aid in designing effective entrepreneurship education programs.
5. Attitudes towards entrepreneurship can vary across cultures and societies.

Outcomes:

1. By understanding these attitudes, policymakers, educators, and businesses can shape strategies that foster a conducive environment for entrepreneurship and harness its potential benefits for economic growth, job creation, and innovation.
2. Moreover, promoting positive attitudes towards entrepreneurship can encourage individuals to pursue entrepreneurial endeavors, leading to a more vibrant and dynamic business landscape.

Activity Details:

The sensitization session on "Attitude Towards Entrepreneurship" conducted on 29th June 2023 aimed to raise awareness and foster a positive mindset towards entrepreneurship. By providing valuable insights, interactive activities, and practical strategies, the session aimed to equip participants with the knowledge and motivation to pursue entrepreneurial endeavors and contribute to economic growth and innovation in the community.

By conducting a sensitization session on attitudes towards entrepreneurship, participants can gain valuable insights, overcome mental barriers, and develop a more positive and proactive approach towards entrepreneurial endeavors. This, in turn, can contribute to a thriving entrepreneurial ecosystem and promote economic growth and innovation in the community.

Your summary effectively captures the key outcomes and importance of studying attitudes towards entrepreneurship. By understanding these attitudes, policymakers, educators, and businesses can shape strategies that foster a conducive environment for entrepreneurship and harness its potential benefits for economic growth, job creation, and innovation. Moreover, promoting positive attitudes towards entrepreneurship can encourage individuals to pursue entrepreneurial endeavors, leading to a more vibrant and dynamic business landscape. Overall, the study of attitudes towards entrepreneurship plays a crucial role in shaping the entrepreneurial ecosystem and contributing to overall societal progress.
