**Gandhinagar University**
A Report on
"Workshop on Design Thinking, Critical Thinking &
Innovation Design"
(4 February 2023)

### Introduction:

Gandhinagar University had organized a workshop on "Design Thinking, Critical Thinking & Innovation Design" on 4th February 2023 for Computer Engineering, Information Technology, Mechanical Engineering, Civil Engineering, Electrical Engineering and Electronics & Communication Engineering students under the banner of Design Engineering, SSIP, IPR, IIC and IQAC Cell. The workshop was organized for 6th semester students of Gandhinagar Institute of Technology.

### Objective:

The key objective of workshop was to motivate the students by blending Design Thinking with Critical Thinking, and to promote innovation that delivers customer-centric solutions. Furthermore, to teach students how to overcome challenges with critical thinking and how to solve real world problems.

### Outline of the event:

Gandhinagar University had successfully conducted a workshop on "Design Thinking, Critical Thinking & Innovation Design" on 4th February 2023 from 9:15 am onwards. The sixth semester students of Gandhinagar Institute of Technology had participated in the workshop. Around 90 participants including students and faculties from all departments have attended the workshop. Design Engineering Department Coordinator of all the branch has explained the students regarding Design thinking philosophy, tools, applications and steps of Design Thinking. They also explained steps & use of Critical thinking and also role of Critical Thinking in Design Thinking & Innovation Design. Students were motivated and taught how to solve problems and come up with innovative ideas using the thinking process.
