

INTERACTION AND DISCUSSION FOR CENTER OF EXCELLENCE IN CLIMATE CHANGE AND STUDENT STARTUPS

Event Date: 17.10.2023

About the event:

On October 17, 2023, ASHINE hosted an engaging session regarding the Center of Excellence in Climate Change and student startups. During this session, Mr. Mahesh Nadurmath and Ms. Avni Joshi, representing the Prakalpa Yogam Foundation, introduced their proposal for collaboration with ASHINE and SVNIT. The meeting saw the active participation of faculty members from diverse departments, all sharing a keen interest in sustainability and climate change. Together, they explored various avenues for collaboration, ways to support students' innovative initiatives, and strategies to collectively pursue sustainability and ESG (Environmental, Social, and Governance) objectives. Following the meeting, the insights gathered from the participants will be disseminated, and subsequent rounds of discussions will be initiated.
