**on**

***An interactive workshop on  
Mission LiFE***

***(29<sup>th</sup> December, 2023)***

**Organized by:**

**Monark University**

About the event:

Since the Prime Minister of India Mr. Narendra Modi has introduced an India-led global mass movement- LiFE at COP26 in Glasgow on 1 November 2021, as a mass movement for “**mindful and deliberate utilization, instead of mindless and destructive consumption**” to protect and preserve the environment. It aims to nudge individuals and communities to practice a lifestyle that is synchronous with nature and does not harm it. Those who practice such a lifestyle are recognized as “**Pro Planet People**”.

The program was organized by Monark University in association with SSIP (Student Startup and Innovation Policy), GEDA (Gujarat Energy Development Agency), and GKS (Gujarat Knowledge Society) on theme of an interactive workshop on Mission LiFE on 29<sup>th</sup> December, 2023 (Friday) from 11:00 A.M. onward. Selection of this theme was motivated from a series of discussions arranged in the Mission LiFE orientation program. Venue of this event was Auditorium, Ground Floor, Nilkanth Bhavan, Monark University. This event was conducted by Dr. Zankhana R. Pandit, Assistant Professor, Jeel Goswami College of Science & Research, Faculty of Science who is also an active Co-coordinator of Mission LiFE program at our university. On the preliminary stage of conducting this expert talk by Shri Nirav Mehta (Member-ESCRP, GEDA); theme of the event was shared and explained to the Students through the Coordinator and other Respective Faculty Members so that they can actively & enthusiastically participate in this event. Total 98 students from faculties/departments of Science and Physiotherapy have registered and participated in this event. This program was categorized into 2 different segments: (i) Introduction to Mission LiFE in India, (ii) Expert talk on Mission Life Theme: Save Energy and Water. In the intermediate session; brief inputs on India’s Mission LiFE Presidency were delivered by Prof. Ritu Prajapati, Assistant Professor, Jeel Goswami College of Science & Research, Faculty of Science. All other attendees were also enjoying the question-answer sessions during this expert talk & found this event truly innovative and

advantageous in order to embark a roadmap to build his/her lifestyle convenient with environment and sustainable future. Various benefits of the Mssion LiFE program along with the financial support provided to a Start-Up were also deliberated during this expert talk. Along with this expert talk; a video session was also conducted to channel the efforts of individuals and communities into a global mass movement for positive changes. Numerous faculty members have also actively participated in this event. Appreciative inputs were marked out by the participant students in the feedback from also.
