❖ JCB HALOL PLANT

JCB India set up a new manufacturing facility in Halol near Vadodara in Gujarat. The company will invest over 6,500 million towards the new facility. It will manufacture parts for global production lines as the company prepares to meet increased demand. The company already has manufacturing plants in Delhi, Pune and Jaipur. The new facility in Halol, Gujarat is spread across 44-acres and operational since 2022.

We had meeting and greeting with Mr Ashok Asodariya, Assistant General Manager at JCB INDUSTRIES PVT LIMITED with his Team at JCB. The following points were discussed with the JCB team.

- Signing MoU in reference to academic support and related activities
- Student support and related activities like internship, placement, industry visit, industry defined project, training.
- Exchange of expertise
- Professional Consultancy
- Start up and innovation, incubation activities
- Faculty Training and much more as per one to one need
