A Workshop on Entrepreneurship and Innovation as Career Opportunity was conducted by College of Agriculture, Parul University on 25th September 2023. The workshop aimed at making the students aware about the new era of enterprises and innovation.

This workshop was conducted to enlighten the students with the fact that how a small novel idea can become the best career opportunity for them in this century.

Objective:

- To increase awareness among participants about the concepts of entrepreneurship and innovation
- To educate participants about the process of becoming an entrepreneur, from idea generation to business development and sustainability.

- To offer practical guidance on how to develop a business plan, conduct market research, and assess the feasibility of a business idea.
- To encourage participants to embrace calculated risks and overcome the fear of failure often associated with entrepreneurship.
- To create a platform for participants to network with experienced entrepreneurs, mentors, and peers, fostering a supportive entrepreneurial ecosystem.

Outcomes:

1. Students will acquire practical entrepreneurial skill, such as business planning, market analysis and financial management.
2. Students will gain the confidence to pursue entrepreneurship as a viable career option, knowing the steps involved and the resources available.
3. Students will have a deeper understanding of the concepts of entrepreneurship and innovation, including their importance and relevance in today's job market.

Activity Details:

On September 25th, 2023, a highly informative and inspiring workshop on "Entrepreneurship and Innovation as Career Opportunities" was held at College of Agriculture in which Dr. Dhvani was the key speaker. In the workshop students were enlighten about the world of entrepreneurship and innovation, providing insights into what these terms mean, their significance in today's world, and how students can pursue entrepreneurial endeavors and access grants to start their own enterprises.

The workshop also included interactive session were students asked their questions and seek clarifications on entrepreneurship and innovation. This session facilitated direct engagement between students and the expert, ensuring that all doubts and queries were addressed.

Students were provided with a step-by-step guide on how to become an entrepreneur. Key aspects included identifying a viable business idea, conducting market research, creating a business plan, securing funding, and launching the venture. Practical tips and success stories were shared to inspire and motivate the students.

The workshop proved to be an important session for the students through which they came to know about how they can use their raw ideas and convert them into big ventures and become an entrepreneur and have that as a career opportunity.
