Summary of Event:

- The primary goal of the program was to inspire and motivate girl students towards innovation and entrepreneurship. The event aimed to highlight the significance of innovative thinking and how it can be harnessed to create tangible products. Dr. Devendra Vaishnav delivered a compelling keynote address, emphasizing the importance of innovation in today's dynamic world and how it can lead to meaningful contributions to society. Engaging sessions were conducted to encourage active participation and foster a sense of creativity among the students. These sessions were designed to stimulate innovative thinking. A detailed presentation on various government initiatives and schemes supporting innovation and entrepreneurship was delivered. This provided valuable insights into the resources available for the students. The role and commitment of C. K. Pithawalla Institute of Pharmaceutical Science and Research in nurturing and incubating innovative projects were highlighted, offering a clear path for students to pursue their ideas. An interactive Q&A session allowed students and teaching staff to seek clarifications and share their thoughts on innovation and entrepreneurship. The event concluded with a motivating message, encouraging the participants to pursue their innovative endeavors with determination and passion.
