### Introduction About The Entrepreneurship Awareness Drive(EAD):-

The objective of this EAD is to create awareness, to explore business opportunities to students of Engineering and Sciences courses by bringing together experts from industries, government agencies in order to provide ideas and information for becoming an entrepreneur as an alternative career option and also to highlight the merits of pursing such an option. It will also explore the possible business opportunities and create all necessary awareness to start an MSME Unit as per government procedures.

### About Om Engineering College

OM Engineering College, Junagadh since its establishment in 2009 has continuously grown as a Rising Star because we always strive to develop our students'' overall performance. By following our commitment and the vision Govt. Of India and Govt. of Gujarat, we have taken a big leap by opening Gujarat's "First Business Accelerator and Start-up Cell" in association with The Centre for Entrepreneurship Development, Gujarat (CED) on 10 th February 2016. This cell primarily works to support, encourage, and to create platform to new and young entrepreneurs from Junagadh and surrounding regions by providing them complete guidance in setting up new enterprise.

## **Expert Session by Faculties of CED:**

### **Topic discussed in EAD:**

There are many schemes for entrepreneur to start a new business. Many government agencies are provide too much fund for start a new business.
