Associate Faculty at Entrepreneurship Development Institute of India, Ahmedabad. My teaching areas are Organizational Behavior and Human Resource Management whereas my research focus are into psychological competencies, leadership and citizenship behaviors among healthcare professionals.

I am into management education for more than a decade where I have the privilege of teaching thousands of students in numerous institutes of repute at pan India level. In addition to this, I have acted as resource person to train faculty members in institutes of repute at the national level. To add to this, I have trained faculty members in numerous faculty development programs including AICTE approved ones. Notable institutes wherein I have developed faculty members include Bhavan's Institute of Management Studies, Kolkata; Darbar College, Karnataka; IPREMS, Orissa, Institute of Computer Science & Technology, Varanasi, Andrews College, Mumbai. I was also the resource person at INDAM Pre-Conference workshop organized in 2022 at IIM ROHTAK on the topic of PLS-SEM. In addition to this, I was a resource person for employees at EMIDS, a Bangalore based software company.
