Details of Activity:	The Faculty of Management at Monark University has organized a workshop focusing on "POWER BI," a powerful business analytics tool developed by Microsoft. The sessions were facilitated by Mrs. Archana Singh, Mrs Sejal Bhavsar and Mr Svapnil Vakharia who are experienced professionals and well-versed in POWER BI and its applications.				
Outcome:	The workshop aimed to provide participants with practical knowledge and hands-on experience in utilizing POWER BI for data analysis and visualization. The workshop covered techniques for importing data from various sources into POWER BI and performing necessary transformations to prepare it for analysis. Feedback from participants indicated a high level of satisfaction with the workshop content, delivery, and practical exercises. Many participants expressed appreciation for the opportunity to gain hands-on experience with POWER BI and its potential to enhance their data analysis skills.
