#### Summary of Event:

The Government of Gujarat's Student Start-up & Innovation Policy is designed to foster a comprehensive, state-wide, university-based innovation ecosystem. This ecosystem is intended to nurture the innovative ideas of young students and provide an environment conducive to maximizing their creative potential.

A sensitization program was jointly organized by the Department of Information Technology and the Department of Electronics and Communication. The program commenced at 11:00 AM with an introductory speech by Dr. Ankita Devdhara. She spoke about idea

generation and encouraged the students to fully utilize the benefits of SSIP. She provided information on various aspects such as idea generation, Intellectual Property Rights (IPR), Proof of Concept (POC), funding at different stages, and idea scrutiny.

Our Dean of Research and Development, Dr. Mita Paunwala, motivated the students and provided examples to stimulate idea generation. The program was successfully concluded under the guidance and motivation of the Head of the Information Technology Department and the Head of the Electronics and Communication Department.

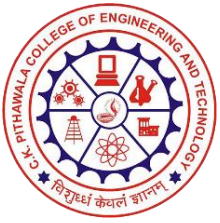

We express our gratitude to all our speakers for their invaluable guidance to the students. Below are a few glimpses of the program.
