Noble University – Startup and Innovation Activities

Noble Entrepreneurship Cell (NEC)

Under the visionary leadership of the board members, Noble University has established the Noble Entrepreneurship Cell (NEC), which will act as a catalyst to promote start-ups by creating an ecosystem of innovation and incubation to transform creative ideas into business models for solving societal issues. NEC a start-up incubation centre or simply an incubator is a supportive environment designed to help early-stage companies grow and succeed. These centre provide a range of resources and services to help start-ups overcome common challenges and accelerate their development. The goal of a start-up incubation centre is to create an environment that fosters innovation, accelerates business growth and increases the chances of start-up success. Entrepreneurs benefit from the resources, guidance and networking opportunities offered by these centre as they navigate the challenges of building and scaling their businesses.

Event Schedule

| Time | Event |
|----------------|----------------------------------------------------------------------------------------------------------------|
| 04:00-04:30 PM | Welcome Fest by Provost |

| 08:30-10:30 PM | Session 2 - Exhibition & demonstration of various innovative ideas and projects by students in front of public |
| 10:30-11:00 PM | Appreciation |

Brief about Event

TechnoKhoj, a premier event organized by NEC Noble University, took place on April 21, 2024. This one-day event was designed to showcase the innovative projects developed by our talented students, working under the expert guidance of 37 mentors and faculty members. TechnoKhoj provided a platform for 200 students from diverse departments, including engineering, medical, paramedical, and various other branches, to present their cutting-edge solutions addressing pressing societal issues.

The event was a resounding success, attracting over 2000 visitors, including industry professionals, academic peers, and community members. The day commenced with a welcome fest led by our esteemed Provost, Dr. H. N. Kher, who emphasised the significance of innovation and education in solving real-world problems.

TechnoKhoj featured projects that integrated the latest updates and advancements in their respective fields, highlighting the importance of an ecosystem-friendly approach to problem-solving. Additionally, the event aimed to raise awareness about the importance of education and the ongoing revolution in innovation. Through interactive displays, demonstrations, and informational sessions, visitors were able to gain insights into the transformative potential of these student-driven projects. TechnoKhoj not only celebrated the creativity and ingenuity of our students but also underscored Noble University's commitment to fostering a culture of innovation and community engagement.

Key Points

During the session, below mentioned points were discussed:

1. **Participation:** The event saw active participation from 200 students from various departments of Noble University. These students presented their innovative projects that addressed real-world challenges in fields such as engineering, medical, paramedical and other disciplines.
2. **Visitor Turnout:** TechnoKhoj attracted over 2000 visitors, including students, faculty, industry professionals, and members of the community. The event provided a platform for interaction and knowledge exchange between students and the broader community.
3. **Welcome Fest:** The event commenced with a welcome fest led by Dr. H. N. Kher, the Provost of Noble University. His opening remarks set the tone for the event, emphasizing the importance of innovation and education in addressing societal issues and fostering a culture of creativity.
4. **Innovative Solutions:** Projects showcased at TechnoKhoj demonstrated innovative solutions to societal problems, emphasizing the importance of ecosystem-friendly approaches. Students presented ideas ranging from renewable energy solutions to healthcare advancements, highlighting the university's commitment to addressing pressing global challenges.
5. **Awareness and Guidance:** In addition to showcasing projects, TechnoKhoj provided guidance to visitors on the importance of education and innovation. Information sessions and interactive displays aimed to raise awareness about the latest developments in various fields and inspire the next generation of innovators.

Outcome

Inspiration and Motivation: TechnoKhoj served as a source of inspiration and motivation for students, faculties and visitors alike. The event highlighted the potential for collaboration and innovation to drive positive change and improve lives.

Community Engagement: The event fostered community engagement by bringing together students, faculties, industrial professionals and members of the public. It provided a platform for networking, collaboration, and knowledge sharing, strengthening ties between the university and the broader community.

Impact: TechnoKhoj had a lasting impact on both participants and attendees, sparking conversations about the role of education and innovation in addressing societal challenges. By showcasing student-led initiatives and promoting interdisciplinary collaboration, the event contributed to the university's mission of creating future leaders and change makers.
