Event Details:

Offline seminar on “**SSIP 2.0 ni Samajh**” was organized at Government Commerce and Science College Dahej on 20th July 2023, Thursday. Dr. Gourav Upadhyay (SSIP Coordinator, GCSC Dahej) delivered a presentation covering various aspects of SSIP 2.0 policy. Seminar was comprised of three parts; in the first part Dr. Gourav explained the vision, goals, objectives, the benefits and eligibility criteria for grantee institutes and individual beneficiaries. He talked about how the incubation center can help students to link their ideas to reality by providing necessary help in terms of financial support and filing IP. Second part was about the meaning of innovation, startups and examples of various innovative ideas, for demonstrating the examples of innovative ideas Dr. Gourav uses the examples of Dr. A. P. J. Abdul Kalam IGNITE award winner young innovators. Students were surprised to see such simple and innovative ideas from talented young students from various parts of nation. Third part was the need of innovation at local level that is Bharuch district and in particular Dahej area. Dr. Gourav has identified some problem statements at the local level and motivated students to come up with innovative ideas to address these local issues. Students and faculties showed interest and enthusiasm throughout the awareness program. In the end Dr. Gourav thanked all the faculties, students for their active participation in the seminar. Dr. Leena Dave (Principal GCSC Dahej) constantly encouraged and motivated everyone for a fruitful and successful event.
