

World entrepreneurship day celebration

21/08/2023

As per the instruction of the Education department of the government of Gujarat, Government science college Veraval celebrated world entrepreneurship day at the college level. In this event all the faculty members and students of the FY Bsc joined the session with great enthusiasm. This event was divided in three parts, in the first session we watched live telecast of celebration of this day organized by "swadeshi Jagran Manch". This session was very enlightening after this session we engaged in an interaction that involved life stories of the famous Indian and Gujarati entrepreneur. In this session students also presented their views. Following this interactive session, we moved to the SSIP 2.0 sensitization session. In this phase SSIP coordinator Pradeepsinh Jadeja made students aware with the present policy of the Government and also discussed the road map of the SSIP activities to be conducted in the institute throughout the year. The session was also decorated by talks of some faculty members of the college. This session turned out to be fruitful in order to spread awareness in the young students.
