

Event Report

Catalyst: Igniting Entrepreneurship in Science

Date: 27/03/2024

Time: 10:00 AM TO 03:00 PM

Venue: School of Science, RK University, Kasturba Dham,
Bhavnagar Highway, Rajkot

Targeted Audience: Students, Innovators, Research Scholar, and Faculties

Participants: 213

Brief Description of the Event:

The School of Science at RK University hosted an exceptional event titled "Catalyst: Igniting Entrepreneurship in Science" on March 27, 2024. The workshop aimed to bridge the gap between scientific innovation and entrepreneurial endeavors, providing attendees with insights, tools, and inspiration to embark on entrepreneurial ventures within the realm of science.

The workshop spanned five hours and featured a dynamic agenda designed to engage participants through a variety of formats, including:

Inspiring Talks: Esteemed speakers from both academia and industry delivered motivational talks, sharing their personal journeys of merging scientific expertise with entrepreneurial vision. These talks served as catalysts for sparking creativity and ambition among the attendees.

Interactive Workshops: Practical workshops were conducted to equip participants with the necessary skills and knowledge to translate scientific ideas into viable business opportunities. Through hands-on exercises and case studies, attendees gained insights into market analysis, product development, and business model innovation.

During this session, participants engaged in a hands-on activity where they formed small groups and were tasked with identifying potential market opportunities based

on scientific research. Each group was provided with a set of criteria to evaluate market viability, including market size, competition, and scalability. Through collaborative brainstorming and discussion, participants applied the concepts learned in the session to generate innovative business ideas. Facilitators provided guidance and feedback, encouraging participants to think creatively and critically about market needs and potential solutions.

Networking Sessions: Opportunities for networking and collaboration were abundant throughout the event, allowing attendees to connect with like-minded individuals, industry experts, and potential mentors. These interactions fostered a supportive ecosystem conducive to entrepreneurial growth and partnership.

Objective of Event:

The objective of the "Catalyst: Igniting Entrepreneurship in Science" workshop is to inspire, educate, and empower participants to leverage their scientific knowledge and passion for entrepreneurship, equipping them with the skills, mindset, and resources necessary to transform innovative ideas into successful ventures. By bridging the gap between science and entrepreneurship, the workshop aims to cultivate a culture of innovation, drive economic growth, and revolutionize the landscape of scientific discovery.

Outcome of Event:

1. **Inspiration and Motivation:** Participants will gain inspiration and motivation from engaging talks delivered by industry pioneers, academic leaders, and successful entrepreneurs, fostering a sense of possibility and ambition.
2. **Skill Development:** Attendees will acquire practical skills and knowledge through interactive workshops, enabling them to conduct market research, develop business models, and navigate the entrepreneurial journey with confidence.
3. **Networking Opportunities:** The workshop will provide networking opportunities for participants to connect with peers, mentors, and industry experts, facilitating collaboration, knowledge sharing, and potential partnerships.

4. **Entrepreneurial Mindset:** Participants will cultivate an entrepreneurial mindset characterized by creativity, resilience, and adaptability, empowering them to embrace challenges, seize opportunities, and persevere in the pursuit of their entrepreneurial goals.
5. **Empowerment and Action:** Armed with inspiration, skills, and networks, attendees will be empowered to act and embark on entrepreneurial ventures within the realm of science, driving innovation, economic growth, and positive societal impact.

CATALYST

Igniting Entrepreneurship in Science

March 27, 2024

Who can Participate:
Students, Faculty Members,
Research Scholars, Alumni

Venue: School of Science,
RK University Main Campus, Rajkot.

Dr. Bonny Patel
SSIP Coordinator,
School Of Science, RK University,
Rajkot
