

**A Report on
Alumni Expert Webinar on
“Computer Applications & Technologies
in Construction”
(20th May 2023)**

Event Overview:

The webinar on “Computer Applications & Technologies in Construction” was organized on 20th May 2023 at Gandhinagar University by GITAA Cell. The webinar was coordinated by Prof. Pooja Patanwal (Assistant Professor, Civil Engineering Department). The session was organized for the students with the permission of Prof Dr K N Sheth, Director. The webinar was organized to provide the knowledge to the students about the emerging Computer Applications & Technologies in Construction field so students can select their interesting field.

Objective:

The main objective behind this GITAA talk is to shed light to the students about the emerging Computer Applications & Technologies in Construction field and to make the students aware of the multiple options after completing the engineering. This will be a very informative and helpful session for the students for their career growth as a Construction Project Manager.

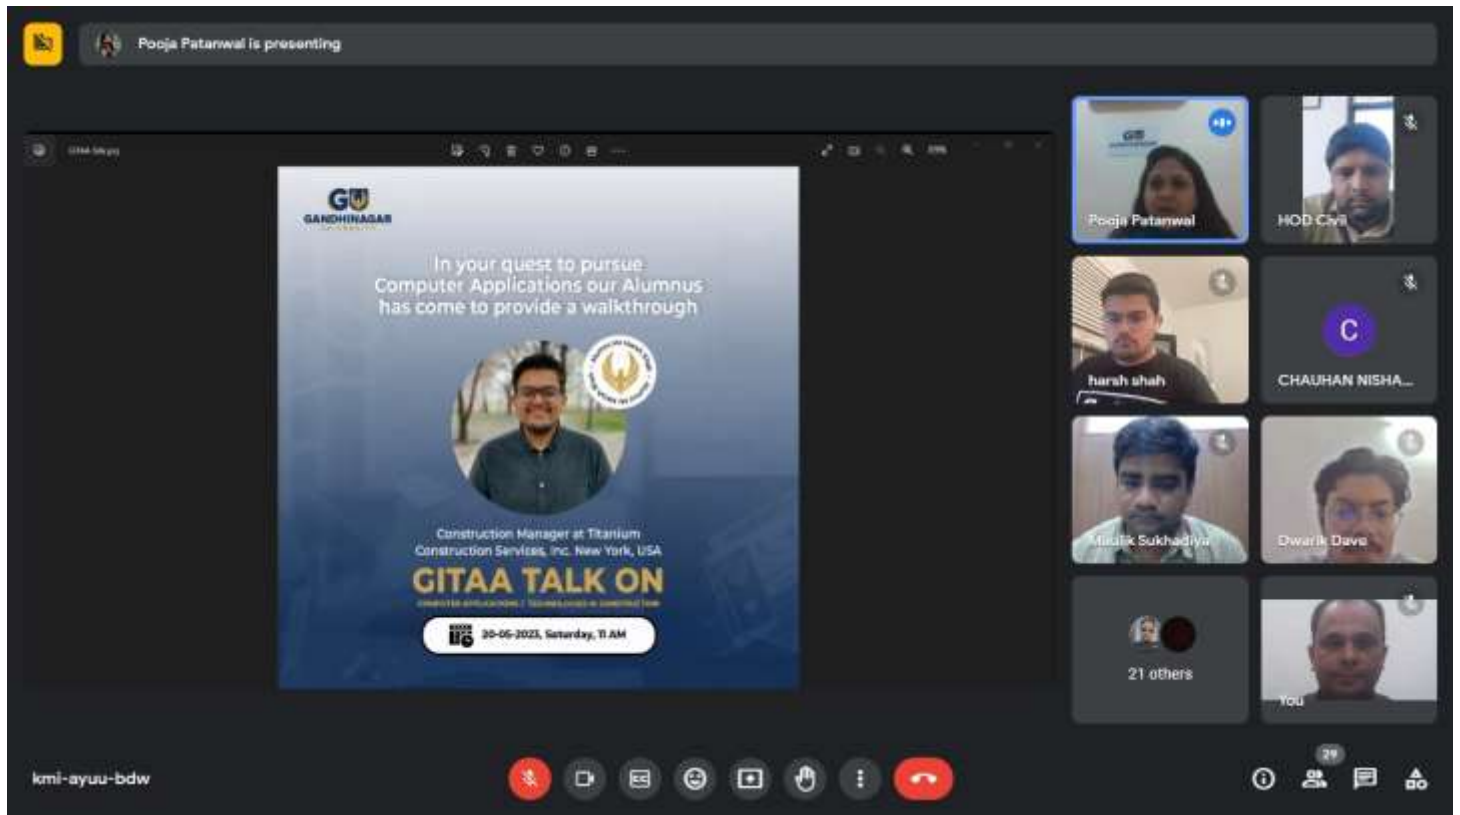

Program Overview:

The session started at 11:00 AM with more than 40 student participants and faculty members via online platform. Prof. Pooja Patanwal had initiated the introduction on GITAA. She had given information about the Summary of GITAA (Gandhinagar Institute of Technology Alumni Association) and had introduced the event Expert Mr. Harsh Shah, who is Successful Alumni of Civil Engineering and has completed his BE in 2018 from GIT. Currently Mr. Harsh Shah is working as Construction Project Manager at Titanium Construction Services, New York, USA. Mr. Harsh had explained why technology is so important and the various project management software. Also, explained PROCORE SOFTWARE and displayed the ongoing projects to students. He also focused on Estimation software BLUEBEAM and explained the software working process. Then he gave a brief on Project Controls and Scheduling software. Finally, he concluded his session by solving many queries of students.

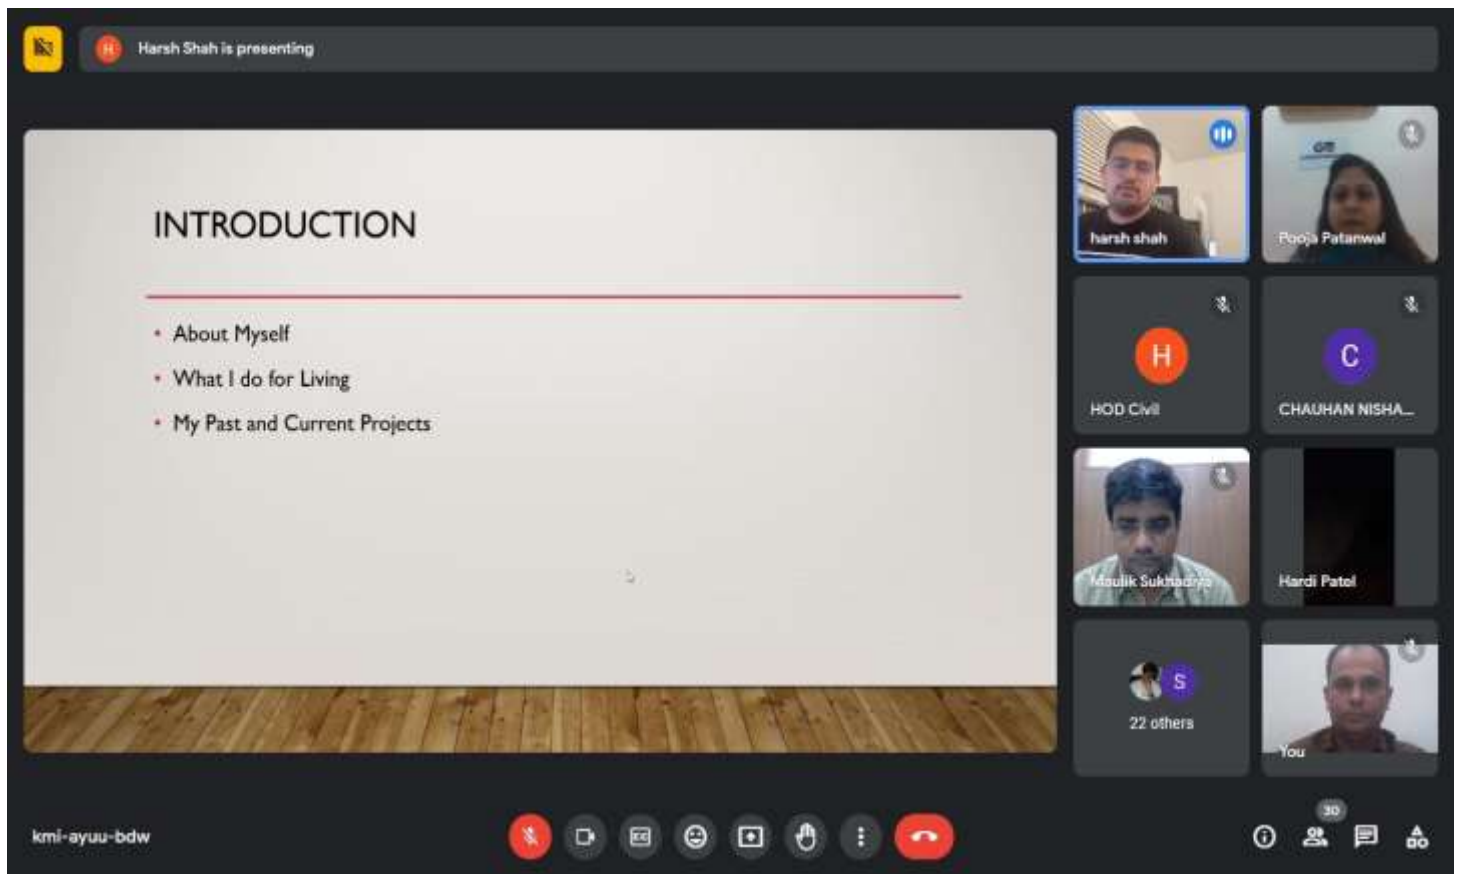

Outcomes of the event:

The Alumni Talk has facilitated interactions with alumni regarding career development, ability needed for grasping better opportunities and enhancing technical skills. The students were very enthusiastic to know about the experiences of the alumni in the outer world.
