## <u>Program Report</u>

## <u>of</u>

## International Conference

Organized by

Department of Chemistry & Forensic Science Department of Life Sciences Student Start-up and Innovation Cell

of

BHAKTA KAVI NARSINH MEHTA UNIVERSITY, JUNAGADH

On

"Paradigm Shift Towards Sustainable Growth in Chemical and Biological Sciences"

In association

with

INTERNATIONAL SOCIETY OF CHEMISTS AND BIOLOGIST

January 11<sup>th</sup> & 12<sup>th</sup>, 2024

- 1. Title of the Programme: **"Paradigm Shift Towards Sustainable Growth in Chemical And Biological Sciences"**
- 2. Category: International conference
- 3. Date/s and Duration:11<sup>TH</sup> and 12<sup>th</sup> January 2024
- 4. Venue: Vishal Loards Inn- Gir Forest, Sasan-Mendarada
- 5. Total no. of participant: 280
- 6. A. Programme summary (200 words)

In the ever-evolving landscape of scientific discovery, the realms of Chemical and Biological Sciences stand at the forefront of innovation and progress. These disciplines not only shape our understanding of the natural world but also hold the keys to addressing pressing global challenges, from healthcare breakthroughs to environmental sustainability to regional demand and role of early-stage startups. To harness the power of these interconnected fields and propel knowledge to new heights, we had organized a dynamic and comprehensive conference dedicated to advancing "Chemical & Biological Sciences and its paradigm shift towards sustainable growth". The group of international and national speakers were invited to share their research from Organic and Inorganic Chemistry, Analytical Techniques in Chemical and Biological Sciences, Plant Sciences, Animal Sciences and Microbiology, Biochemistry and Molecular Biology to Intellectual Property Rights: Prospects and Challenges. Special round table meet were also scheduled for early stage pharma startups followed by start-up demo day from Junagadh ecosystem
